

NAVE-ACTION SYSTE

always there, always durable.™

High-Performance Sensor Blender

Performance

to buy

- Auto Blend stops blender when drink reaches the perfect consistency
- Wave~Action® system continually forces mixture down into the blades
- Super-creamy drink profile

Durability

- 3 Hp motor with all-metal drive coupling
- Jar pad sensor helps prevent "wear & tear"
- Unique airflow baffle keeps unit cool and prevents water ingress

Ease of Use

- Auto Blend "One-Touch Sensor Blending"
- Easy-to-clean controls
- Timer with automatic shutoff
- Stackable 64 oz. polycarbonate container
- USB port for future program updates
- Quiet Shield[™] sound enclosure

always there, always durable.™

High-Performance Sensor Blender

Summit[®] with AUTO BLEND

Since you know exactly when drinks are ready, blending mistakes are a thing of the past.

HBH850

Summit[®] Blender

Auto Blend "One Touch Sensor Blending" - Patent-pending technology continuously monitors blender's power usage and speed to determine when the perfect drink consistency is achieved.

Hundreds of Pre-Programmed

Cycles - Reduces the need to select different cycles for different drinks to free up decision-making time.

Automatic Shutoff - As soon as the mixture reaches the perfect creamy drink profile/consistency, the blender stops to help prevent over- and under-blending.

Super-Creamy Drink Profile - The Wave~Action[®] System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile.

Cavitation Control - Detects when cavitation occurs and prompts the operator to add more liquid. Keeps the operator from spending time watching the blender and from serving a bad drink.

Airflow Baffle - Constantly circulates cool air around the motor for back-to-back blending and longer blender life.

Jar Pad Sensor - Turns off motor when container is not in place to reduce grinding and "wear and tear" from misuse.

Specifications:

Standard: Unit comes with base, one container, sealing gasket, Quiet Shield[™] sound enclosure & 3-wire grounded cord and plug

Controls: Touchpad

Container: 64 oz. stackable polycarbonate

Motor: 3 Hp Electrical: 120 V, 60 Hz, 10 Amps

Weight: 18.1 lbs / 8.2 kg

/Warranty: 2 years or 20,000 cycles,whichever comes first UPC: 0 40094 91083 0

I 2 of 5: 10040094910837

Case Pack - 1

Auto Blend stops the blender when drink reaches the perfect consistency

Unique Features

USB port for future program updates

Dual fans automatically keep motor cool in-between blends

Unique airflow baffle keeps unit cool and prevents water ingress

Jar pad sensor turns off motor when container is not in place to reduce "wear and tear" from misuse
