

# RAPID RINSER™

**blendtec**  
COMMERCIAL 2019

## ONE STATION TO CLEAN THEM ALL

Small, fast and efficient. The Rapid Rinse Station reclaims valuable counter space with its minimal form factor, and is perfect for stacking multiple Blendtec jars. Best of all, it can reduce exposure to harmful sanitizers that irritate skin and cause lost time on the job.

# RAPID RINSER™

## DURABLE CONSTRUCTION

The Rapid Rinse Station is made of chemical-resistant plastic. A stainless steel spray nozzle ensures long-lasting operation.

## SMART DESIGN

Compact and low-profile, the Rapid Rinse Station fits neatly next to your Blendtec blender or dispenser. It features a closed valve system that prevents water leakage when water pressure drops.

## EASY AND VERSATILE

Use the Rapid Rinse Station to rinse any container with a diameter of 8" or less. Pitchers, blender jars, measuring devices—anything! A gentle push on the platform is all it takes to activate the spray.

EXPANDABLE COVERAGE
